Make a Poppy

Take part in creating a field of poppies to commemorate this ANZAC Day by following these simple steps.

Step 1

Print, colour or trace the template below.

Colour your poppy petals (A) with crayon or coloured pencil and cut out.

Alternatively, you could cut the petals from red paper or card.

Step 2

Cut out the centre of the poppy (B) and the small centre of the poppy (C). Cut along the white lines on (B). Once finished, bend up to create fringe.

Step 3

Place (B) on the centre of (A), followed by (C). Use glue or a stapler to secure.

Step 4

Bring your completed poppy or poppies to the office by **Friday 5 April** so we can create a field of poppies!
